THE Indiana railroad commission has recently exhibited "impudence" enough to issue an order to the railroads of the state requiring them to furnish a list of all free transportation outstanding June 1. The commission hopes to have by July 1 a list of all public officials who have passes, which will be made a basis for investigation.

A dwelling on South Madison owned by Mrs. Augusta Anton and occupied by Oscar Grismore caught fire, early Tuesday morning, from a super-heated stove-pipe, and but for the timely arrival of neighbors the damage might have been severe. It was only nominal, however. There was considerable delay in getting in the alarm and when the department arrived the fire had been extinguished.

Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

RURAL FREE DELIVERY NO. 1.

G. A. Koedel had business in Culbertson, close of this week.

Miss Jeannette Dutton returned home, early in the week, from Lincoln.

The farmers began harvesting their first cutting of alfalfa, end of last week. Mrs. L. J. Burtless expects to leave for Auburn, N. Y., Monday next, to be absent about six weeks. A family reunion is one of the attractions of her visit.

Herman Trehal of East McCook lost a horse by lightning, Thursday morning, during the electric storm. The lightning was communicated to the animal from the wire fence along which it was grazing.

John Brittain has withdrawn from the Rogers hunting party and Walter has added another partner, who has already double-discounted John and his club, by capturing a coyote, bare-handed, the other day. This no bear story, either.

A friend has a private word from Mrs. C. A. Stone announcing her safe arrival at her new home near Haigler, Dundy county. She was met at Benkelman by her husband and two neighbors. Their car of goods arrived in good condition, —not a chicken smothered.

COLEMAN.

Frank Coleman has a new team; Roy a new horse.

Grandpa Coyle is able to be about on crutches. Miss Annie is sewing in McCook.

Clarence Rozell went to Grinnell, Kansas, to witness a cousin's marriage. Miss Minta is attending Junior Normal school in McCook.

They Are Not Injurious.

Harry Barbazett found an insect in numbers on some of his shade trees and being fearful of the insects' depredations, caught some of them and sent them to Prof. Bruner of the state university, Lincoln, who promptly informed Mr. Barbazett that the insects were not only not injurious but a protection against the destructive efforts of the borers.

Heard From After 22 Years' Absence.

Mr. and Mrs. D. Mangus of our city were made tearfully happy, Thursday morning, by receiving a letter from their son Milton whom they have not seen for 22 years. Milton enlisted in the regular army in 1883. The last letter they received from him was in 1899 from somewhere in Montana, but before his letter arrived in Montana, the son had gone elsewhere and all trace was lost of him. His father recently advertised in a Chicago newspaper and communication was established in this way between parents and son. Thursday was a joyous day in the Mangus home. The son is in South Dakota. A visit from the long-absent son would fill the old couple's cup of joy to overflowing.

Severe Hailstorm.

The hail which accompanied the rains, last Friday and Saturday nights, was quite destructive over a considerable territory extending from a few miles northwest of McCook in a southeasterly direction ten or fifteen miles. This trip is said to have been a mile or more wide. Among those effected by the storms are: H. H. Mitchell, Nick Mitchell, John Kummer, the Ben Baker place, W. P. Broomfield, the Streff farm, the Balis place, Walter Hickling, and quite a number of others along the line of the storm southeast of here and on between Danbury and Lebanon. THE TRIBUNE understands that in some localities the damage was severe and the total loss will be quite heavy.

BAD BLOOD

Reveals itself in many ways. Sometimes the impurities in the blood mark and mar the skin with blotches, pimples, boils or other eruptions. Sometimes the result of bad blood is rheumatism or a debilitated condition which is popularly described as "feeling played out, hardly able to drag myself around."

The impurities and poisons which corrupt the blood, clog the liver and cloud the skin are removed by the use of Doctor Pierce's Golden Medical Discovery. It does more than eliminate the poisons; it increases the activity of the blood-making glands so that there is an increased supply of pure, body-building blood. It brightens the eyes, cleanses the skin, and gives new, physical energy.

Accept no substitute for Dr. Pierce's Golden Medical Discovery.

"I thank God for the good your medicines have done me," writes Mr. James M. Sizemore, of Mitchell, Lawrence Co., Ind., Box 501. "I was not well for two years. My throat was always sore, head ached, and back ached nearly all the time. My weight was 155 pounds. I was taken sick with typhoid fever, and when the fever left me I had such a pain in my left side I could not breathe without pain. I thought I must die. My wife went to the drug store and procured a bottle of Dr. Pierce's Golden Medical Discovery and a trial of his 'Pleasant Pellets.' I discontinued the use of my doctor's medicine and began with the 'Golden Medical Discovery' and 'Pellets.' I at once began to feel better: the pain soon left my side and I could breathe with ease. In a week or so I felt so good I could not stay in the room. I began to walk about the streets; I felt better each morning. After a month's use of the medicine I was well. That was over a year ago. Now I weigh 184 pounds and feel better than ever in my life."

Dr. Pierce's Pleasant Pellets cure constipation.
